About the artwork

Some heroes are not saving the world, they are only delaying its fall.

During the time of our history, we had heroes.
This is one of them.
He is trying to stop the bad thoughts entering our world.
He already lost part of himself.
His body is weakened.
He is almost standing on one leg.
But still he stands proud.
Not because he is winning, but because he is still standing.
Time is moving faster than before.
And so are the dark thoughts carried within humanity.
Yet some still choose to stand between destruction and the world.
Even when they know they cannot stand forever.
